

DIVYA DARSHINI R

Software Engineer Intern | Full-Stack Developer

divyadarshiniramesh44@gmail.com | [LinkedIn: DivyaDarshiniRamesh](#) | [GitHub: DivyaDarshiniR](#) | Chennai, India

PROFESSIONAL SUMMARY

Software Engineering student and Full-Stack Developer with hands-on experience building production-style web applications using React.js, Node.js, Python, and FastAPI. Skilled in REST API design, database integration (MongoDB, SQL, SQLAlchemy), real-time systems, and automated data pipelines. Proven ability to deliver measurable impact through Agile teamwork, with a strong foundation in Data Structures and Algorithms, Object-Oriented Programming, and System Design. AWS-certified in Generative AI and Machine Learning.

TECHNICAL SKILLS

Programming Languages: Python, Java, C++, JavaScript

Frontend Development: React.js, JavaScript, HTML5, CSS3, Tailwind CSS, Responsive Web Design

Backend Development: Node.js, Express.js, FastAPI, Flask, Django, REST API Design, Pydantic

Databases: MongoDB, SQL, SQLAlchemy (ORM), Database Design

Tools & Practices: Git, GitHub, Agile/Scrum, System Design, Data Structures & Algorithms, Object-Oriented Programming (OOP), Computer Networks, Unit Testing (Pytest), Socket.IO, Web Scraping

Cloud & Certifications: AWS (Generative AI, Machine Learning), Google AI/ML, Cisco Modern AI, CCNA Switching & Routing

PROFESSIONAL EXPERIENCE

Product Developer Intern — CITBIF Pvt. Ltd.

May 2025 – Jun

2025 *Tech Stack:* React.js, Tailwind CSS, Node.js, Express.js, MongoDB, Socket.IO

- Accelerated event discovery for 2,000+ users by engineering a full-stack Competition and Event Management Platform using React.js, Node.js, Express.js, and MongoDB, as 1 of 4 engineers in an Agile sprint cycle.
- Cut manual dashboard refresh delay by 70% by implementing Socket.IO-based real-time updates across user and admin dashboards.
- Eliminated manual competition-data entry by designing and building an automated web-scraping pipeline that fed 500+ live event records into the platform's REST API and MongoDB database.

Python Full-Stack Developer Intern — AICTE–EduSkills Virtual Internship

Apr 2026 – Jun

2026 *Tech Stack:* Python, FastAPI, SQLAlchemy, Pydantic, React.js, Pytest

- Reduced manual log-review effort by 72% by designing and building a Log Statistics Analyzer in Python and FastAPI that parses, filters, and aggregates server log data into structured JSON reports.
- Modeled and validated request/response data using Pydantic and integrated relational data storage using SQLAlchemy ORM within a FastAPI backend.
- Validated backend reliability and data integrity by writing and running unit tests with Pytest across core API and data-processing modules.
- Completed an 8-week, project-based curriculum covering full-stack development with Python, FastAPI, React.js, and SQLAlchemy.

PROJECTS

RAGShield — RAG System with Security Guardrails

- Reduced successful prompt-injection attempts by 79% by designing and implementing input/output guardrails and query isolation for a Retrieval-Augmented Generation (RAG) pipeline.
- Stress-tested system security by evaluating the pipeline against 500 adversarial prompts, using integrated telemetry to monitor performance and flag anomalies.

ScholarScout AI — Academic Paper Discovery Tool

Tech Stack: Flask, Python, arXiv API, HTML/CSS, REST APIs

- Built a Flask web application integrated with the arXiv API to enable keyword- and author-based discovery of academic papers, with automated metadata extraction and researcher contact discovery.

EDUCATION

B.Tech in Artificial Intelligence and Data Science

Sep 2024 – May

2028 *Chennai Institute of Technology* | GPA: 8.7 / 10

ACHIEVEMENTS

- LeetCode Knight Badge : Top rank, 1,850+ contest rating.
- 4x Hackathon Finalist : SecureNet, Zenith 2025, Cybros Unstoppable Hackathon, LemonCTF.
- CHIEF HOST @ Coffee House (Official Literature Club of CIT - Chennai)

CERTIFICATIONS

AWS Certified – Generative AI | AWS Certified – Machine Learning | Google AI/ML Certification (Cohort 14) | Infosys Springboard – AI & Data Science | Cisco – Modern AI | WorldQuant University – Applied Data Science | CCNA – Switching & Routing
